

One contractor.

Specialist trades. Clear accountability.

Commercial refrigeration, air conditioning, electrical, beer and glycol systems, cold rooms and freezer rooms - coordinated through one service relationship.

Simplify the way you maintain your sites.

One point of contact

Coordinate planned maintenance, breakdowns, repairs and replacement work through HVACR Group.

Specialists behind every service

ACRO Refrigeration, Shelair, Beer Works and Koolacube bring established trade capability, supported by licensed technicians and in-house mechanical engineers.

A coordinated maintenance plan

Bring relevant services together, plan visits around site requirements and keep a clear view of asset condition and corrective works.

Support across your portfolio

Commercial and multi-site service across Brisbane, Moreton Bay and South East Queensland, including the Gold Coast and Sunshine Coast.

Planned maintenance. Reactive support. Project delivery.

Maintenance, breakdowns, design and construct, installations and replacements
Refrigeration | Air conditioning | Electrical | Beer and glycol systems
Kitchen hoods, exhaust and ductwork | Cold room sales and hire | Mobile bar hire
24/7 service | Same-day emergency attendance, subject to availability
5-year warranty on workmanship | Service and asset reporting

Discuss your maintenance or backup-contractor requirements.
